trict.

The child-stealing bad has reached  
Bowling Green. Dora Arnold, a two-  
year-old daughter of Jim Arnold, col-  
of Warren county, was spirited away  
by some unknown party last Wednes-  
day evening.

The Clarksville Tobacco Leaf  
Chronicle pins its feather to Gorman  
and Gray as the winning ticket.  
Not bad, but about as good as Carlsbad  
and Russell, to make the boys get up and  
hustle! Such a ticket would be a  
godsend to the "poiks."

Every year brings forth some revel-  
ation in the vegetable line. A year ago  
the secret of producing a Bush Bean—  
or put it in different language better understood,  
a bunch butter bean—was made a  
success. This year the seed men are  
advertising for the first time the Tree  
Tomato. If this thing keeps on it  
will not be long before watermelons  
are growing on trees.

The "ine" are already fixing up  
the slate for the Republican State  
Convention. First, the former Collector John Feland is to be vi-  
brated, by being elected to head the  
delegation of Harrison men to Minne-  
apolis, although R. H. Sholl, one of  
the President's Indianapolis strikers,  
is authority for the statement that  
Harrison wants no "negro and office-  
holders" sent as delegates to his con-  
vention. Bro. Bradley has told Mr.  
Feland and his delegation to settle it.  
The President will be asked to kindly  
turn over exception to his rule in this  
case, in order that the Collector may  
be vindicated from the charge that  
his son William and other subordinates  
raised money for corruption pur-  
poses in 1890.

Congressman Scott, of Illinois, has  
introduced a bill to repeal the sub-  
sidy on coal, which, when it went into effect, the government had  
paid a bounty of \$4,500,000 to the  
sugar manufacturers out of the money  
extorted from the people by unjus-  
tice taxation. This is not all, for  
\$1,000,000 more of claims are await-  
ing adjudication. The cotton plant-  
ers of the South, white and colored,  
who are among the most poverty-stricken  
and the farmers of Kansas who have used for fuel the cor-  
dwood they could not sell, have had to worry  
along without assistance from the  
federal government and Mr. Scott  
proposes to put the sugar millionaires  
on the same footing as the agricultur-  
ists. In the meantime, if the agricultur-  
ists do not get their share of the  
McKinley bill, which took the duty  
off sugar and made the govern-  
ment assume the amount heretofore  
exported from the people, above the  
market value of the article made free.

have to wait upon the official report  
of the State Board of Education, the  
Committee on Municipalities will  
consider in its entirety the work done  
by the conference of fourth class  
delegates. The charter is everywhere  
considered a good one, and the prob-  
abilities are that it will be little  
changed by either House of the As-  
sembly when once it is taken up for  
consideration by them. It is not nearly  
easy to guess what the prin-

such towns will be—Cor. Danville

mercury will surely destroy the  
sense of taste and render the  
tongue wholly tasteless when enter-  
ing through the mucous surface. Such articles should be used  
except on prescriptions from reput-  
able physicians. It is well known that  
it will do in ten fold to the good you can  
possibly derive from them. Hall's  
Patent Cough Medicine, O. O., contains  
no mercury, and is taken easily.  
and acts directly upon the blood and  
the surface of the system. In  
buying Hall's Cough Cure be sure  
to get the genuine. It is taken in  
ternally, and is made in Toledo, O. by  
J. C. Ayer & Co.

It is sold by Druggists.

### A Little Light Turned On.

The protracted discussion of the  
matter of street lighting in the City  
Council for some months, has  
enriched the citizens of the Hopkinsville  
Gas Company with an opportunity to judge  
in a great deal of silence against  
the corporation of which it is now  
less to say has been unnecessary and  
undeserved.

The KENTUCKIAN is not the chanc-  
er of the gas company. It is in no  
wise interested in it, nor is it opposed  
to a consumer of gas. It is not opposed  
to the corporation, the electric lights provided by the plant  
being established without injury and the  
prices charged are reasonable. This  
much is said in advance.

The KENTUCKIAN, however, in com-  
mon with the fair-minded people of  
Hopkinsville, believes that the con-  
tinued demolition of the gas com-  
pany's gas plant has been a waste of  
time and it amounts to persecution.

In order that the public may fully  
understand the present attitude of the  
Gas Company towards the city, we  
here give the text of the Ordinance  
the Council has been asked to pass:

ORDINANCE.

"Be it ordained by the Board of  
Councillors of the City of Hopkins-  
ville, Kentucky, that the Hopkinsville  
Gas Company be authorized to continue  
the use of the streets, alleys and public  
ways of the city of Hopkinsville for  
20 years, for the purpose of supplying  
gas to its customers, subject to a rea-  
sonable supervision of the City and  
City Engineers. This grant is made in  
consideration of the Hopkinsville  
Gas Company's improving its works  
and increasing its capacity to produce  
gas before September 1st, 1892, as to make  
and furnish in said city to con-  
sumers a good eighteen (18) candle  
power per thousand cubic feet and  
gas and sell the same to con-  
sumers by the one thousand (1000)  
cubic feet at a price not to exceed  
\$2.00 per thousand cubic feet for  
illuminating purposes, \$1.50 per  
thousand cubic feet for gas for  
heating purposes through the  
same meter, and \$1.00 per thousand  
cubic feet for heating purposes  
through a separate meter and pipe.

"It is by this ordinance granted  
to the Hopkinsville Gas Com-  
pany shall not be exclusive to said  
Company but the right is expressly  
reserved to grant the same to other  
persons or corporations to whom the  
right is granted to whom ever  
corporation or company who may desire  
to furnish gas for illuminating, heat-  
ing and other purposes through  
the same meter, and on payment  
of reasonable supervision and con-  
sideration shown to other taxing  
corporations doing a legitimate busi-  
ness in the city.

In saying this much we reiter-  
ate that the rights now expressed in the  
KENTUCKIAN, when the rights of another  
much abused corporation were  
concerned, are not the rights of the  
city, but the rights of the corporation  
which the privilege is to be sub-  
ject to reasonable supervision and  
excessive charges for illuminating,  
heating and other purposes for which  
gas is used."

Now this seems to be a fair propo-  
sition, and we hope it will be  
settled in our favor.

THE KENTUCKIAN is an advertiser in  
the Marion Monitor.—KENTUCKIAN.

We fail to understand what you are  
driving at Bro. Meascham.—Marion  
Monitor.

THE KENTUCKIAN is a stick in the  
ground, and we are not always  
given the best service. Their horses  
may have been neglected in some  
places by the lamp-lighter, some of  
them may have been at times turned  
out by their enemies or blown out by  
the wind and occasionally the gas may  
have fallen short of the required 14  
candle power. Such accidents may  
occur, but we are not given to believe  
that there is evidence that there  
has been a deliberate or intentional  
violation of the contract by the re-  
sponsible parties. If so the Council  
could have refused to pay for any  
month in which the service was unsat-  
isfactory.

THE manager of the company, Mr.  
E. P. Campbell and Mr. Walker  
Kelly, the controlling officers are  
gentlemen who respect the obligations  
of a contract. These gentlemen have  
stated that they have paid prompt  
attention to all complaints and have tried  
to give good service, although they  
have actually done nothing in light-  
ing the streets.

The company is entitled to the same  
fair treatment due to other tax pay-  
ers, its plant, which originally cost nearly  
\$20,000, is valued at \$15,000. A good  
part of the stock is owned by our  
own people. Likewise all but \$2,500  
of the mortgage bonds. The prin-  
cipal bond-holders are Geo. O. Thomp-  
son, C. A. Thompson, Mr. Campbell,  
R. T. Palmer and the estate of  
John. These are the parties who  
lent or lost by the company's  
operation. Are not these gentlemen esti-  
mated to some consideration? Is there

### The Farmer's Rock.

Almost every farmer desires to raise  
an "all-purpose fowl." By this term  
is meant fowls that are both good egg  
producers and will also furnish plump,  
well-flavored meat when prepared for  
the table. These two good qualities  
are better combined in the Plymouth  
Rock than in almost any other breed.

It is fragrant, and when raised in  
moderation it breathes life, adds to  
the appetizing qualities of the flesh,  
adds to our cooking, and drives dull care  
away.

There are many a church member who would be worn out to death if he could not find his own spiritual pulse and find out how near he is to Ram's Horn.

Many women find great difficulty in arranging their hair becomingly because of its harsh and coarse texture. Dr. Ayer's Hair Vigor, Hair Vigor, is the best remedy for any disease of the scalp, hair, skin, and body. It cleanses the blood, should be taken occasionally by every one. In the young, it is a great tonic, improves the body and mind. In the adult, it helps nature to keep up the equilibrium of the system, which is the labor and care of life. To the old and those with the infirmities of age, it is invaluable for its tonic and strengthening powers.

"My favorite prescription," said Dr. Ayer, "is for a woman who has been ill for a long time, and has many diseases which are often fatal to old people. This remedy is Swift's Specific (S. S.) It clears out all the poisons from the system, and purifies the human organism. We will mail a valuable book to all applicants.

"I told her, as soon as I could speak, that I had to have taken one hundred dollars for her to buy the dog at any price, and she regretted me at the cost of my sanity. The cost of these things is a great expense to the persons who arrogate to themselves the rights of their friends."—Louisville Courier-Journal.
